Vehicle Hire

SHUTTLE SERVICES:

Zimbabwe Car Hire offers shuttle services in Harare and Bulawayo, within each city and around the country. Please contact our office for more details and costs.

HOW TO BOOK:

Email: info@zimbabwecarhire.com to request a Quotation. Once agreed the booking is provisionally reserved, and the client must secure the reservation with a booking deposit of 20%.

Please note that any reservation that is not secured with a deposit within 5 working days, will be automatically deleted from the system. Bookings made in under 5 working days from the start point of the hire should make arrangement with the ZCH office to guarantee the booking.

Booking deposits may be made by bank transfer or in cash.

RETURN OF VEHICLE:

On return of the vehicle a final invoice will be issued with any additional mileage charges added. Which are settled by the client at the point of drop off. Should there be any damage to the vehicle, the client will be liable to leave their entire security deposit with the office until the matter is concluded with the insurance company. If the costs for the repair of the vehicle are less than the security deposit, the client will receive the balance of their security deposit back by bank transfer.

If there is no damage to the vehicle, the client receives the security deposit back in full on return of the vehicle, and complete payment of their rental invoice.

DRIVER SERVICES:

Zimbabwe Car Hire offers drivers for ease and convenience of our clients. Drivers are \$47.97 a day. The client is expected to provide accommodation and food if the driver is outside Harare or Bulawayo.

We have a flexible pricing structure based on the number of days a vehicle is hired, so please see www.zimbabwecarhire.com for further price breakdown for all fleet vehicles.

FUEL:

Vehicles should be returned with the same amount of fuel in as they had when collected. If the client is unable to refill the tank, they will be charged on return of the vehicle PLUS 10% of fuel invoice.

COLLECTION OF VEHICLE:

The rental hire (inc. daily rates, misc and driver) costs must be paid when the vehicle is picked up by the client, and the security deposit left in cash with the office.

ZCH accepts USD (United States Dollars) only, we have card facilities at any of our offices.

Clients may pick cars from any ZCH office at no additional cost, and designated points in Zimbabwe, outlined on the website. Note that airport pick ups/drop offs incur the following charges: \$29.25 for both (return) pick up/drop off in Bulawayo, and \$29.25 each way in Harare.

ZCH DRIVERS:

Those clients who hire a driver with their vehicle will not need to put down a security deposit on the pick up (collection) of their vehicle, as the ZCH driver will be liable for the safety of the vehicle. However, should it become apparent that the client drove the car, or was the cause of damage to the vehicle, they will be charged on the return of the vehicle accordingly.

CORPORATE ACCOUNTS:

Are available to companies who wish to have speed and flexibility with vehicle hire in Zimbabwe. Payment terms of 30 days are available, and a coordinated process of booking, renting and returning vehicles on a regular basis. Speak to our offices to apply for this service.
